## YOUNG GIRL IS FATALLY SHOT

Clash Between Deputies and the Strikers at N. Kearsarge

Continued From First Page.

Men in the party of deputies, all of the men being local deputies recruited for service at North Kearsarge.

After investigating yesterday, it was determined that the shot which struck the 16-year-old girl came from the rear, and must have been fired by a striker, but the physicians who attended the wounded girl assert the bullet came from the front.

## Situation More Strained.

As a result of yesterday morning's shooting at North Kearsarge feeling runs high between the strikers and deputies in the strike zone today, and other disturbances are expected. It is plainly to be seen that the situation is more strained.

## Labor Day Disorders.

At the Quincy mine more men appeared as pickets of strikers yesterday than before, the ranks of strikers there and elsewhere in the district being strengthened because of the statement made by Meyer that the Federation has ample funds to reimburse the men for all time lost through the strike.

In Red Jacket yesterday workmen were assaulted by women who threw rocks and sticks and finally one woman took her shoes and threw them at the non-union men. At the Copper Range railroad station one non-striker was badly beaten by women, while within two hundred yards of the armory, brigade headquarters, two others were badly beaten by women. About one thousand appeared in yesterday morning's parade in Calumet, the cavalry keeping in touch with them at all times and preventing them from going onto private property.

Yesterday afternoon strikers and women sympathizers who had been making life miserable for non-union workmen greatly annoyed the small patrol of cavalry sent there to keep order. The mounted patrol had been instructed not to resort to force. Finally the situation became so serious that brigade headquarters was notified and General Abbey, accompanied by a large troop of cavalrymen, visited the scene of the trouble. He instructed the strikers and women to go to their homes, which they did when it was threatened to resort to stern methods. Before the arrival of the general and the larger patrol, stones and fifth were hurled at the soldiers.

Strikers paraded in large numbers at North Kearsarge and Mohawk last night, and in Calumet this morning. No trouble was reported. There was considerable firing just outside the guard lines at Wolverine Sunday night, but an investigation by the guard was fruitless. Residents of that location have been firing off firecrackers near the guard lines recently to disconcert the militiamen, but the shots heard Sunday evening could easily be distinguished from the firecrackers.

## Deputies Quit Work.

Fourteen deputies stationed at Mohawk quit work Saturday night when requested by mine officials to man the pumps. Lieut. Col. Ed Hoedel, who has been in charge of the situation in the north end of Houghton county and at Mohawk, has returned to Detroit, and the troops in that vicinity are now under the direction of Maj. A. H. Gansner, of Bay City.

## 270 Militia Off for Home.

Following a conference today, General Abbey ordered a detachment of 270 men and officers to train for home. Men from Detroit, Grand Rapids, Jackson, Coldwater, Monroe, Muskegon and Kalamazoo were included in the party of homeward bound troops. The train was made up of nine Pullmans, four baggage cars and one horse car.

The mine operators are preparing to protect their property with special troops. The plan is to gradually withdraw the troops, and if the special deputies can succeed in protecting the property from law-breaking strikers or sympathizers, the military force will be reduced to a small force of mounted men.

## Artillery Arrives Tonight.

Batteries A and B, artillery will arrive in Calumet from Lansing tonight, they will be mounted tomorrow and will immediately go into service taking the place of the infantrymen withdrawn.

A large number of secret service men have been recruited and these men will see that property rights are respected.

## ENROLLMENT IS NEARLY NORMAL

School Work Resumed in Calumet and Vicinity Today

The enrollment in the public schools of Calumet, Osceola and Alouette townships today was surprisingly large. Whereas a big falling off was expected because of the labor difficulty and the many departures, the principals of the various ward schools reported to Supt. E. J. Hall of the Calumet District No. 1 school that the attendance compares very favorably with that of last year.

Contrary to rule, all of the teachers were on duty today. Almost always some of the teachers are delayed in arriving here, but this year proved the exception and there are no eleven-hour vacancies, such as have been frequent in the past.

In the Calumet high school there was a slight falling off in enrollment, but it is expected this will be made up during the next few days for all of the students have not registered.

## KNIGHTS OF COLUMBUS

CEREMONIAL IS SUCCESS

OVER FOUR HUNDRED TAKE PART IN EXERCISES—GEN. ABBEY GUEST AT BANQUET.

Four hundred members of the Knights of Columbus participated in a ceremonial here Sunday when a class of fifty were initiated into the order. The beautiful ritualistic service in the second and third degrees, was exemplified by a team under the direction of District Deputy John M. Bush. Following the ceremonies at the Red Jacket town hall, a banquet was served at the light guard armory, with covers for nearly 200 members and guests.

T. J. Hennes of Lake Linden presided as toastmaster and responses were given by Grand Knight M. A. Thometz, Rev. Fr. Zimmerman of Hubbell, District Deputy John M. Bush of Iron Mountain and Attorney Edward McCormack. The Knights of Columbus orchestra rendered several selections and a pantomime act by Hartmann and Larochele created a diversion. The meeting concluded with the singing of "America" by a chorus of the entire membership. The meeting was one of the most successful held by Knights of Columbus in the Upper Peninsula.

## Greet Gen. Abbey With Applause.

General Abbey, whose headquarters are in the armory, was invited to the banquet and was called upon for a brief address. He was given an ovation and applause marked the conclusion of each sentence. In his address, General Abbey speaking in behalf of the entire brigade, noted the many acts of kindness bestowed upon the guard by citizens and he voiced the appreciation of the soldiers for their reception in the copper country. He said the pleasant relations between the troops and the citizens in general have been such that the stay of the guardsmen has been enjoyed.

In conclusion, Gen. Abbey said:

"Such honor as you now pay us, such expression of trust and appreciation, causes us to feel that our work here has not been in vain and that Governor Ferris did the right thing in sending us here—makes us feel that we're really wanted and really needed."
